

# Project F.I.S.H. Instructor Training

Michigan State University Campus  
Room 152 Natural Resources Bldg.

March 5th and 6th, 2013

9:30 a.m. - 4:00 p.m. each day

MICHIGAN STATE UNIVERSITY | Extension

Michigan State University Extension invites teachers, educators and volunteers to a couple of days of:

*“Place Based Learning through Sportfishing and Our Aquatic Resources and an Introduction to HOFNOD Hooked On Fishing Not On Drugs”*

Coordinated through Michigan State University’s Department of Community, Agriculture, Recreation and Resource Studies, This workshop is a partnership with MSU Extension, MSU 4-H Youth Development, Department of Natural Resources, Michigan United Conservation Clubs, schools in the Mid-Michigan area, and community service organizations and many others to educate young people about our natural resources through FISHING.

This is a workshop based on the Project FISH philosophy of hands on, multiple-contact sportfishing and aquatic resource education. We will offer activities in Aquatic Ecology, Tackle Crafting, People and Fish Management and actual Angling Skills. Participants will leave with curriculum activities, equipment, even a fishing rod & reel, and access to supplies and resources to begin a successful fishing program/club with children in the classroom or in an after school setting. The workshop is partially funded through MSU Extension, grants, **and donors to Project F.I.S.H.**

## Cost for the Workshop is only \$60

Contact: Mark Stephens at 517-432-2700, [steph143@msu.edu](mailto:steph143@msu.edu), or Early registration will insure your participation, space is limited. \* Registration available at <http://www.projectfish.org/anrweek.pdf>

**Registration deadline: February 22nd, 2013**

## Project F.I.S.H. Workshop Registration Michigan State University, Room 152 NR

The workshop will begin at 9:30 am and will conclude at 4:00 pm both days.

**REGISTRATION DEADLINE: Must be received on or before February 22nd, 2013**

NAME \_\_\_\_\_ MALE OR FEMALE \_\_\_\_\_

STREET ADDRESS \_\_\_\_\_ APT# \_\_\_\_\_

CITY \_\_\_\_\_ STATE \_\_\_\_\_ ZIP \_\_\_\_\_

COUNTY \_\_\_\_\_

ORGANIZATION AFFILIATION \_\_\_\_\_

PHONE \_\_\_\_\_ (HM) \_\_\_\_\_ (WK)

EMAIL \_\_\_\_\_

### Special Needs

If you require any special arrangements for the workshop please state those needs below:

I would like to purchase an embroidered:

100% Cotton Shirt (size) \_\_\_\_\_ (\$12 ea.)  
 Hat - stone with black trim \_\_\_\_\_ (\$12 ea.)

Enclosed is my check in the amount of \$\_\_\_\_\_. This total includes the registration fee of \$60 and hat/shirt cost. Additional clothing will be available for purchase at the workshop.

Refund and Cancellation Policy: A \$20 registration fee is non-refundable under any circumstances and cancellations after March 1st, 2013 will receive no refund.

IF YOU HAVE QUESTIONS CONTACT Mark Stephens at 517-432-2700 or [steph143@msu.edu](mailto:steph143@msu.edu)

RETURN THIS FORM BY February 22nd, 2013 WITH CHECK OR MONEY ORDER PAYABLE TO MSU.

## ***MSU EXTENSION OFFERS 2 DAY CAMPUS TRAINING***

There is a lot to be learned in a couple of days of training. The MSU Extension will hold a Project F.I.S.H. Workshop on the MSU Campus, March 5<sup>th</sup> and 6<sup>th</sup>, 2013, to educate interested teachers and volunteers, extension and 4-H agents and associates, about the fine art of fishing and the importance of caring for Michigan's vital aquatic resources along the Grand River watershed. Each day will have the same theme "Let's partner to get kids to care for our aquatic resources by learning to fish through this Placed Based Learning Initiative."

Project F.I.S.H., leading the instruction, is a mentor-based, community-supported program that will involve many partners including 4-H, schools, sportfishing organizations and mentoring groups within the community. Project F.I.S.H. is a Michigan State University Extension, 4-H Youth Development program housed in the Department of Community, Agriculture, Recreation and Resource Studies in cooperation with the Great Lakes Fishery Trust, the Michigan Department of Natural Resources, Michigan United Conservation Clubs, and the Hal and Jean Glassen Memorial Foundation, and many donors to the Project FISH program. Our goal in Michigan communities is to educate interested teachers and volunteers with our very exciting and hands-on activities and lessons and leave them with the materials and resources to get kids excited about fishing. Here are the main components of this fishy experience!

**Great Lakes Aquatic Ecology:** Learn about the things that make our aquatic ecosystems tick by using some very interesting activities involving our Great Lakes watersheds, invertebrates and neat sampling experiments designed to get you INVOLVED. Additional resources and contacts will be given to teachers for follow-up and continued support. Special emphasis will be on working in the Grand River watershed to get kids interested in service projects in their community

**People and Fish in the Michigan's Watersheds:** "How many fish are in that pond and what effect do I have on them?" These are the types of questions that will come up in this fish management and ethics session. What is the difference between an ethic and a regulation? You'll learn this as well as come up with your own code of ethics. You may learn more about a person by exploring his/her tackle box. Find out about Great Lakes issues and human involvement, like commercial vs. sportfishing, allocation and game laws. You may even say "hmm" a few times. Grab a fish, put it on your shirt, permanently!

**Tackle Crafting:** This session will get you making the equipment you can use to catch fish. You will use what you learned in aquatic ecology to reproduce an artificial tool for your attempt at catching fish. Fly tying, jig making, snelling hooks and creating worm/crawler harnesses are only a few ingredients of this part of this workshop. Each participant will be given the materials for making harnesses and the knowledge to make these and other look-alikes. In addition, resources for expertise and partners will be given to all participants. This class is a lot of fun.

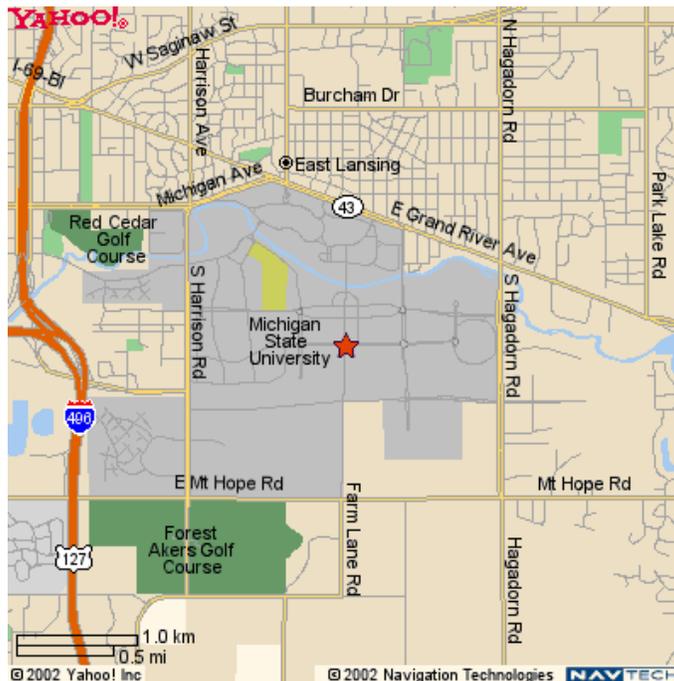

**Angling Skills:** This class is the bread and butter. How do I use this fishing pole? Pop can casting and basic skills will lead to proficiency with a variety of rod and reel types. Learn how to catch bass in your backyard and receive the game to teach you and your youth. You will also find the sources of materials to get kids actively involved with fishing, and they can do it in their own backyard. Take home a fishing rod for inspiration and a learning/teaching tool.

During your training, you will be introduced to a variety of individuals and organizations in your area to call on for assistance and expertise. Don't miss this chance to become involved in introducing this education style to your community. Our common theme will be ***IT'S FOR THE KIDS!***

Contact Mark Stephens for directions and any other information at 517-432-2700.

# Project F.I.S.H. Workshop

Michigan State University  
Room 152 Natural Resources Bldg.  
East Lansing MI 48824

From I-96 get to US-127 toward East Lansing

Exit at Trowbridge Rd.

Continue on Trowbridge Rd. through the light at Harrison (now on Campus)

Make the first Right (before the parking structure)

The Natural Resources Building is on the left at the light (enter the parking lot before the light if the gate is open, park in the parking structure if not)
